## Dermatopoietin® Cosmetic Line

Contains Dermatopoietin® (rh-Polypeptide 17) as core innovative ingredient

Dermatopoietin® is an innovative system care line with patented active ingredients. Its core active substance is polypeptide Dermatopoietin®. Dermatopoietin® family includes anti-cellulite, anti-aging, hair loss stop, and nails growth-strengthening serums. All products have been developed, produced and dermatologically tested in Switzerland. The indicated effect has been successfully proven in medium and long-term efficacy studies.

### HAIR PROTECTION SYSTEM

A four-day-application of this product diminishes abnormal hair loss to the normal level

#### Dermatopoietin® HAIR PROTECTION SYSTEM SERUM DAY 1 to 4

Contains Dermatopoietin® (rh-Polypeptide 17) and Hexapeptide 18. It significantly stops hair loss. Clinically proven. Application: daily in the evening of the day 1 to 4; apply the serum onto the scalp area, massage gently into the skin, leave overnight, and wash off in the morning. To continue the effect, use HAIR PROTECTION SYSTEM SERUM DAY 5 TO 14.\*

Hair Production System with Dermatopoietin®

#### Dermatopoietin® HAIR PROTECTION SYSTEM SERUM DAY 5 to 14

Contains a vitamin complex essential for healthy looking hair and continues the effect of HAIR PROTECTION SYSTEM SERUM DAY 1-4. Application: daily in the evening of day 5 to 14; apply the serum onto the scalp area; massage gently into the skin, leave overnight, and wash off in the morning.\*

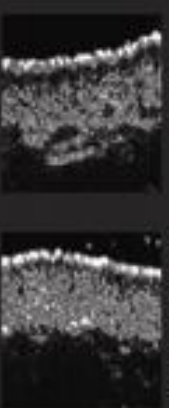

\*Both products are available as a kit or can be ordered separately.

### REJUVENATION SYSTEM

Protects aging-skin from collagen loss. Increases skin firmness

#### Dermatopoietin® REJUVENATION SYSTEM ANTI-AGING SERUM

Contains Dermatopoietin® (rh-Polypeptide 17) and Hexapeptide 18 which help skin to look younger. Clinically proven. Application: daily, massage morning and evening into the face and neck skin for one month. To continue the effect, use REJUVENATION SYSTEM MULTI-VITAMIN COMPLEX for the next month.\*

Ultrasoundography at 20 MHz frequency (Dermascan®)

#### Dermatopoietin® REJUVENATION SYSTEM MULTI-VITAMIN COMPLEX

Contains a vitamin complex: acetyl sodium phosphate, succinic acid, panthenol, tocopheryl acetate, alpha-tropic acid, nicotinic acid, and ubiquinone and continues the effect of REJUVENATION SYSTEM ANTI-AGING SERUM. Application: daily, massage into the face and neck skin for one month.\*

\*Both products are available as a kit or can be ordered separately.

### GENERAL PURPOSE SKIN

Improves visual appearance of cellulite-affected skin. Diminishes irregularities of dermis and dermis-hypodermis junction

#### Dermatopoietin® GENERAL PURPOSE SKIN SERUM

Significantly reduces visual appearance of cellulite. Diminishes irregularities of dermis and dermis-hypodermis junction. Contains Dermatopoietin® (rh-Polypeptide 17) and Hexapeptide 18. Clinically proven. Application: daily, massage into the cellulite-affected skin for one month. To continue the effect, use GENERAL PURPOSE SKIN EMULSION for the next month.\*

Results: Hypodermis-Dermis junction distance

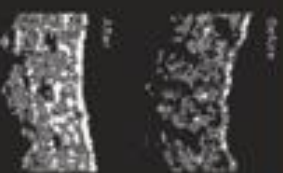

Results: Number of Dark Spots

## DERMATOPOIETIN® COSMETIC LINE

the primal regulator  
of skin renewal

#### Dermatopoietin® GENERAL PURPOSE SKIN EMULSION

Contains resveratrol, epigallocatechin gallate, and lauric oil. It significantly reduces visual appearance of cellulite and continues the effect of GENERAL PURPOSE SKIN SERUM. Application: daily, massage into the cellulite-affected skin for one month.\*

Ultrasoundography of the cellulite-affected skin (ultrasound at 20 MHz frequency, Dermascan®)

\*Both products are available as a kit or can be ordered separately.

### NAIL PERFECTION SYSTEM

NAIL PERFECTION supports the nail growth from the very matrix. It comprises a patented active substance, polypeptide DERMATOPOIETIN® and helps brittle and weak nails maintain their natural strength and healthy look. DERMATOPOIETIN® does not deliver any functional components into the skin. It rather acts by triggering the tissue's own regenerative abilities. As a result the process of cell regeneration starts off on the skin surface and unfolds its action in the deeper layer of the nail matrix. DERMATOPOIETIN® activates a complex process of tissue remodeling which results in the strengthening of the nail plate.

NAIL PERFECTION Gel is the easiest way to strong and attractive nails. It is a perfect solution for women who have brittle nails. Daily massage the gel into the nail plate and the skin surrounding it.
